I am amazed by your negotiation team! I decided to go ahead and have my accounts negotiated after being in your program for almost a year. Already four of my six accounts are settled for a small fraction of what I owed! My \$10,800 Chase account was settled for 32 cents on the dollar, my \$3700 HSBC account was settled for a little less than 30% of the balance owed, my \$2400 Bank of America account was settled for 20%, and just today my \$4400 Advanta account was settled for just 19%! You've already saved me over \$15,000! Keep up the good work.
Paul, New York

I just wanted to give a big Thank You to your staff for all the support they've given me. When I first became involved over three years ago, I was head over heels in debt. Since then you've helped me eliminate some of my debts, I've won cases against the debt collectors in court, and I've had one of your incredible debt negotiators settle other debts for less than 30 cents on the dollar. Thanks for everything!
Tracy, California

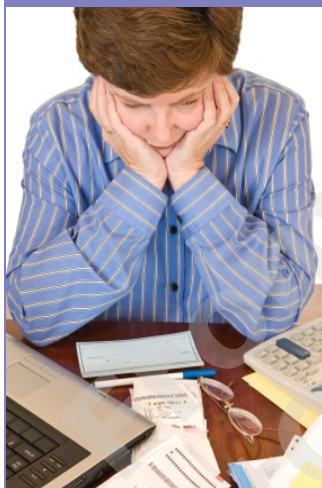

While I expected that the bigger accounts could be negotiated for significant savings, I didn't really expect that to be true for the smaller accounts. I'm glad to be wrong! Your team just got a \$1600 account settled for \$400 for me. Thanks!
Edward, Maryland

Your staff is excellent. We have had great success with your program. We are VERY PLEASED! You have always been available to us and answered our questions. We had a tremendous amount of debt and your program has helped us eliminate that! Thanks.
Marie, Georgia
