The Products and Services

As a member of MoveMyNetWorth.com you will gain access to the ability to see your financial picture vividly. Most of us today try to manage our finances by simply measuring our expenses against our income and tracking it all through our checkbooks. We feel as long as there is an equal amount coming in as there is going out, then we're doing just fine. Real net wealth is not measured by our income verses our expenses, but rather, by our liabilities verses our assets. Without a tool to measure, monitor, and control these critical components of our financial picture we are on a blind road that leads to a financial dead-end. As a member of MoveMyNetWorth.com you will enjoy:

- A **Financial Dashboard** that tracks your total debt obligations, your total asset balances, and your net worth at a glance so you can easily watch your financial picture unfold as it happens.
- A **Budget Analysis Tool** which has math formulas in it so you can easily identify where your spending may be out of proportion with the income you earn.
- A **Budget Tracking Tool** that issues credits each month, by line item, so you can keep on-point with your budget.
- A full **Video Library** hosted by author and finance expert "America's Personal Finance Coach" Steven Vanderhoof, who breaks down in great detail how to effectively master money management.
- A full **Social Network** with blogs and forums to interact and communicate with all the MoveMyNetWorth.com members who are also devoted to the primary purpose of moving the community's collective net worth, which can only be achieved by moving our own net worth.
- And **much, much more!**

The Cost

The cost for becoming a member of MoveMyNetWorth is a small set up fee of only \$150 and a monthly subscription fee of either \$49.95 for 4 years, \$59.95 for 3 years or \$69.95 for 2 years. Whichever subscription plan you choose you can always terminate your subscription by paying a \$200 (non-commissionable) early termination fee to do so, like your cell phone agreement. You have a cell phone right? Same thing! If you're not comfortable making a long term commitment towards moving YOUR net worth in a positive direction, we also have a month to month plan for \$89.95. If you want to become a Promoter of the service to take advantage of the additional monthly income there is an additional charge of only \$150 A YEAR to do so.

Membership Costs and Maintenance

- \$150 for one time Setup Fee (covers first month fee)
- \$150 Annual Fee for Promoters
- \$69.95 per month for 24 month contract *
- \$59.95 per month for 36 month contract *
- \$49.95 per month for 48 month contract *
- \$89.95 per month, no monthly contract (month-to-month)

* \$200 early contract termination fee

The Opportunity

Never in the history of our world has there been a greater need for us all to join together to rescue our financial condition and make a powerful change in our lives as well as the lives of those we love and care about. Therefore, MoveMyNetWorth.com felt the best way to share the good news, was to offer its members the ability to get paid for sharing our movement with others. Network Marketing is the theory of creating exponential growth through viral marketing. This enable you, as the Promoter, the ability to not only get paid for your personally sponsored referrals, but also the referrals your referrals sponsor, and their referrals, and their referrals, and their referrals up to 8 levels deep. If you personally sponsor three people, who sponsor three people, who sponsor three people, by the time you get to the eighth level there would be over 6000 member on your eighth line.
